

GALACTIC RUNWAY

ASSEMBLY
INSTRUCTIONS

ASSEMBLY INSTRUCTIONS

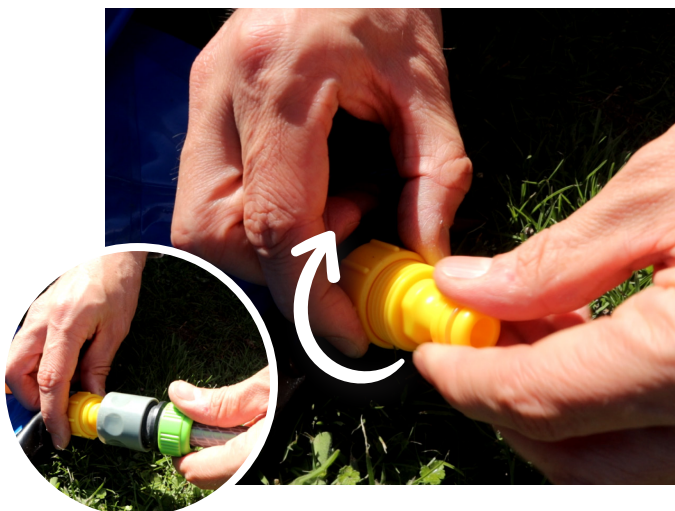

GALACTICRUNWAY™

STEP 1

Lay the Galactic Runway™ out from the base of the slide toward your designated landing area. Inflate the landing zone using the rubber mouth piece.

STEP 3

Attach the provided male hose piece to the starting end, then connect your garden hose into the Galactic Runway™, using a female hose connection piece.

STEP 2

Place the 4 pegs through each loop in the mat, two at either end. Ensure each peg is driven well into the grass (leaving no trip hazard).

STEP 4

Add your favourite skin-sensitive soap suds, turn on your hose with your desired pressure, and get sliding!

Warning: The SpaceJump™ Galactic Runway™ is designed for outdoor use, and not intended to be used in any commercial environment. SpaceJump™ Galactic Runway™ is to be used by 1 person at a time, over the age of six years.

Warning: Users of the Galactic Runway™ accessory must be aware of injury risk when playing. All users must be aware that use of a SpaceJump™ Galactic Runway™ is at their own risk.
